

# Wet Weather Website – User Instruction

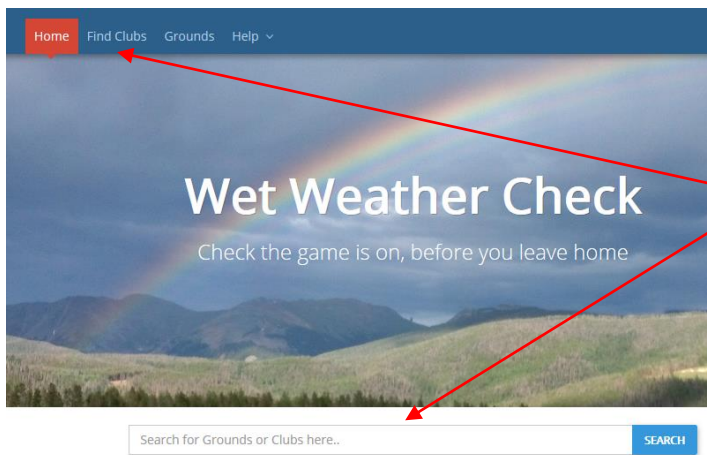

**wetweathercheck.com**

The AFLSJ Community now have a central hub location where the status of all the grounds, across both Regions on Match days can be determined. The accumulation of different policies adopted by thirty three different Councils are reflected in this website.

The following is a simple description of how and where a person seeking an update would follow.

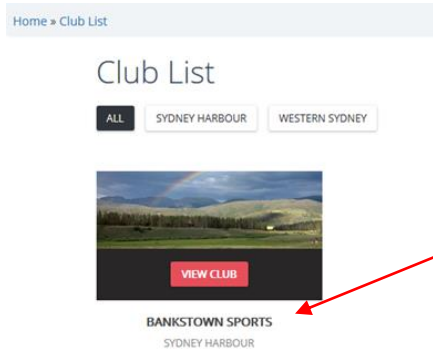

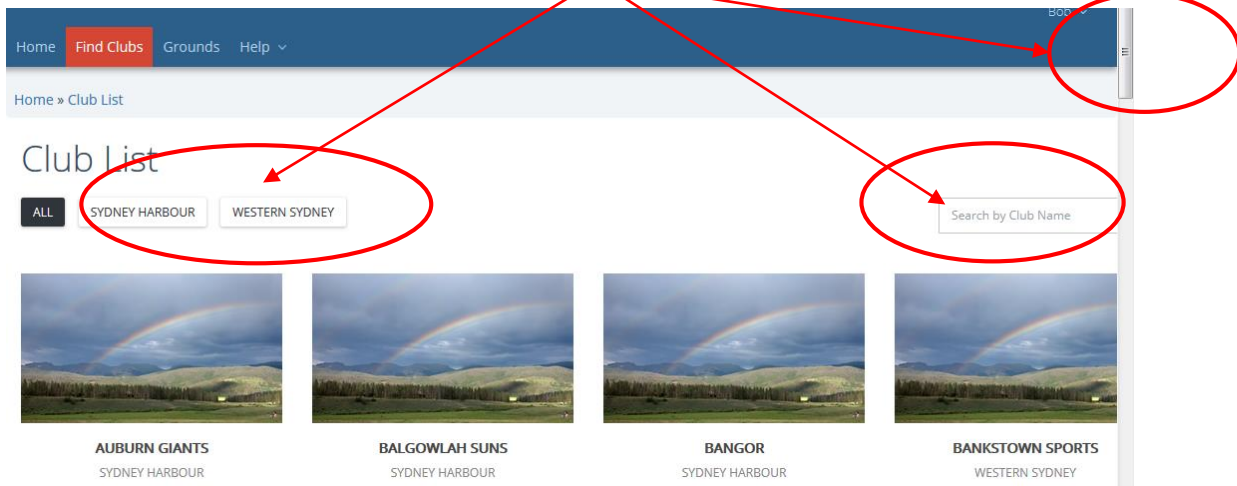

## Search by Club

In some cases a person may be aware of the Club they are playing against but not the Ground used by that Club and may not know how to travel to it

Looking for a Club there are two options. The search Bar has predictive text

From “Find Clubs” a “Club List” is presented. From here you can use a scroll the bar down the side of the page to the Club of your choice, type in the name of the Club in the search bar or filter the Clubs by Region

Club Selected. Click on view club

- From this page you may access the Club Website (if address included)
- Name of Home Ground
- Name of Club Contact who updates the status of a Ground or a Club Contact number
- The status of a Ground may be as follows:
  - Open – Heavy rain may occur after the designated check times for this Ground. If you are in doubt recheck the status of this Ground after 7.30 am for Saturday and Sunday games respectively.
  - Open TBC \*
  - Closed
  - Moved\*\*.- If games have been moved brief comments including a link to the Competition Fixture is provided
- \*Open TBC status means that the Status of the Ground being Open or Closed has not been confirmed. Each Ground has a time set, which is the latest time for the status of a ground to be updated. Effectively after the nominated time the ground should be either Open, Closed or have had games Moved
- There are a few grounds with more than one field and the status and check times may be different.
- Click on the Ground hyperlink for the screen below which provides the ground address, a map and repeats the status and check time. This is provided for a search directly under “Grounds”
